Mumbai, India | +91 9869388798 | akshitajain1207@gmail.com | LinkedIn | Portfolio

PROFILE

Finance research and valuation candidate with practical experience in **equity research, financial modelling, sector analysis, M&A and comparable company analysis**. Conducted independent research across **Coforge, Axis Bank, HDFC Bank** and the Indian banking sector, alongside publishing research-led finance content across banking, valuation, transactions and markets.

TECHNICAL SKILLS

Valuation & Modelling: DCF, Comparable Company Analysis (CCA), WACC & CAPM, Financial Modelling, Sensitivity Analysis

Financial Analysis: Financial Statement Analysis, Ratio Analysis, Company Analysis, Profitability Analysis, Growth Analysis

Research: Equity Research, Sector Research, Industry Research, Competitive Analysis, PESTEL, Porter's Five Forces, Concall Analysis

Tools: Microsoft Excel, Microsoft PowerPoint, TradingView, Screener.in

SELECTED FINANCE, VALUATION & EQUITY RESEARCH PROJECTS

Coforge | Equity Research Report

- Conducted fundamental research across business segments, industry dynamics, financial performance, growth drivers, valuation and risks; evaluated the **\$220M Cigniti acquisition**, including strategic rationale, cross-selling and synergies. Assessed **31.5% FY25 revenue growth** and a **\$1.5B NTM executable order book (+47.7% YoY)**.

Indian Banking Sector | 5-Year Sector Deep Dive

- Analysed sector growth, profitability, asset quality, liquidity and capital adequacy; benchmarked banks on **NIM, NII growth, ROA/ROE, credit/deposit growth, GNPA/NNPA, P/E and P/B**, using PESTEL, Porter's Five Forces and peer valuation across Axis, HDFC, Kotak and Federal Bank.

HDFC Bank x HDFC Ltd | M&A Analysis

- Analysed the merger structure, strategic rationale and synergies, assessing implications for the combined entity across **loan book, deposit franchise, profitability, capital position, competitive positioning** and integration risks.

Axis Bank | Comparable Company Analysis

- Built a peer-based valuation framework comparing Axis Bank with leading private-sector banks across **P/E, P/B, ROE, NIM, growth, profitability and asset quality**; linked relative multiples with fundamental performance to assess valuation drivers.

Netflix | DCF Valuation

- Built a **5-year DCF model** forecasting revenue, operating margins, free cash flow and terminal value; developed operating assumptions from historical performance and performed sensitivity analysis across key valuation drivers.

Coforge & Axis Bank | Concall Analysis

- Analysed quarterly earnings calls and management commentary, tracking **revenue growth, margins, order book, deal wins, NIM, NII, loan/deposit growth, credit costs and asset quality** to identify forward-looking catalysts and risks.

Portfolio Tracker | Portfolio Management Model

- Built a dynamic Excel model to monitor holdings, investment value, asset allocation, gains/losses and portfolio returns, with automated calculations for ongoing portfolio analysis.

RESEARCH & PUBLICATIONS

Building Frontier Brief | Founder

- Founded an independent finance research newsletter focused on businesses, valuation, transactions, markets and research-led analysis.

#100DaysWithTVS | Finance Research Challenge

- Published **100+ analytical finance posts** across banking, valuation, transactions and markets, generating **150K+ cumulative impressions** and reaching **3,500+ LinkedIn followers**.
