SELECTED FINANCE PROJECTS

Coforge — Equity Research & Valuation

- Evaluated the $220M Cigniti acquisition, assessing strategic rationale, cross-selling opportunities and potential synergies.
- Analysed 31.5% FY25 revenue growth and a ~$1.5B NTM executable order book (+47.7% YoY); built a five-year FCFF DCF at ₹1,077/share and cross-checked it against forward P/E and EV/EBITDA values of ~₹1,706–₹1,927, highlighting a material gap between valuation methods.

HDFC Bank × HDFC Ltd — Merger & Accretion/Dilution Analysis

- Analysed merger rationale, shareholder economics, share-swap structure and post-merger ownership implications.
- Reconstructed FY23-based share-swap and pro forma ownership calculations; estimated 11.3% static EPS dilution before synergies and ₹7,676 crore in incremental annual PAT required for EPS neutrality.

Axis Bank — Comparable Company Valuation

- Benchmarked Axis Bank against HDFC Bank, ICICI Bank and Kotak Mahindra Bank, using P/B, P/TBV and P/E; assessed multiples against ROE, NIM, growth and asset quality.
- Derived peer-median implied values of approximately ₹1,523–₹1,571 per share using relative valuation multiples.

Netflix — DCF Valuation

- Built a five-year DCF forecasting revenue, operating margins, free cash flow and terminal value, using historical operating performance to frame assumptions.
- Tested WACC and terminal-growth assumptions through sensitivity analysis to assess valuation robustness.
